

# **SCLBS-1**

## USB LASER BARCODE SCANNING GUN

### **Product Highlights:**

- Extremely efficient 32-bit decoder engine
- Supports all 1D Barcode symbologies
- Fully integrated USB internal transfer protocol
- Accurate 5mil resolution
- Unit stand included
- 1 Year Warranty

### **Technical Data:**

- Power: DC 5V±0.25V
- Current: 48 mA(operation)-96mA  
Source: 650nm laser technology
- Laser Level: National level 2 laser safety standards, EN60825-1, class 1
- Decoder Speed: 200 scans/sec
- Scanning Angle: ±60°, ±65°, ±42°
- Resolution: 3mil/5mil
- Barcode readable fonts:  
UPC-A, UPC-E, EAN-13, EAN-8, ISBN/ISSN, 39 code, 39 code(ASCII), Cross 25 code, Industry 25 code, Matrix 25 code, Codabar, 128 code, 93 code, 11 code, MSI/Plessey, UK/Plessey, UCC/EAN 128, GS1 DataBar ect.
- Indicator Light: LED w/ beep
- PC Port: USB
- Usage: Handheld manual/trigger scan
- Scanner Interface: RJ-45
- Material: ABS+PC
- Operating Temperature: 0°C-45°C(operation), -40°C-60°C(storage)
- Humidity Specs: 5%-90%
- Shock Resistant: Can resist most impacts dropped from 1.5m high
